

PROFESSIONAL DATA PROTECTION
SIMPLE, FAST AND RELIABLE

Workstation, Server & Virtual Machines Backup

NovaBACKUP®

COMPLETE DATA PROTECTION. LOCAL, ONLINE AND IMAGING.

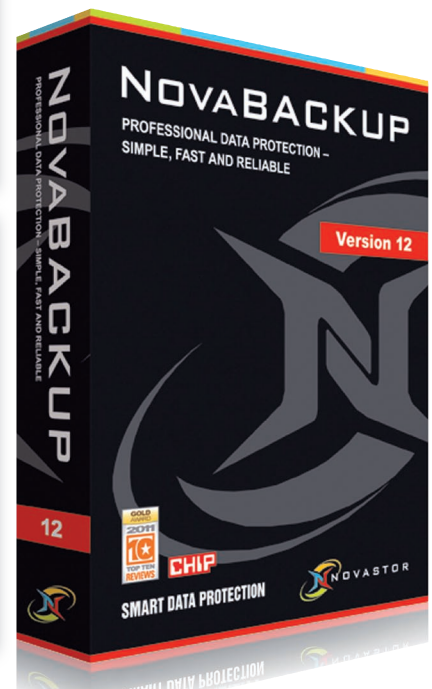

Hardware failure, theft, user error and disasters can strike without warning; don't let them turn you into a victim of data loss. Protect yourself with NovaBACKUP 12, a complete backup and disaster recovery solution for Windows servers, PC's and laptops and VMware virtual machines.

Benefits

- ✓ Simple – Wizards guide users through every step
- ✓ Reliable – Automated, scheduled data protection
- ✓ Fast – TimeSlider technology for quick file restoration
- ✓ Secure – Military-grade encryption, virus scanning and more
- ✓ Comprehensive – File backup and Imaging, local and off-site backup
- ✓ Affordable – Professional data protection at a price for small businesses

New in Version 12

- Unlimited, agentless backup of virtual machines based on VMware
- Differential Imaging speeds backup and restore of disk images
- Central management for any number of NovaBACKUP 12 installations from a web-based central management console (with Home and Business Protection Packs only)
- Enhanced language support – now available in Simple Chinese and Russian
